My Kindergarten Sight Words

Each month, your child will be responsible for 7 sight words.

We will learn about these words at school - what they look like and how to use them in a sentence. Please find the attached booklet with all seven lists of words corresponding to the month they will be taught.

The goal is for every student to learn all of their Kindergarten sight words by the end of the school year! Please help your child learn their sight words by reviewing them on a daily basis.
